 5:00 p.m. Library

Attendance: Elizabeth Gould, Monique Henry, Al Larson, Stacey Moore, Nancy Kuehl

Absent: Andrea Shrednick, Cyndi Tomich, Lucia Mennen

AGENDA

- Review where we left off at the last meeting of May 29, 2019 to discuss any unfinished business.
- Continue with our chapter 700, Support Services (namely our 700.18 Transportation Services policy).

Old Number	New WASB Number	New Title	Comment	Year Developed and/or Updated
700.18	750	Transportation Services Management	It was agreed by the committee that we since we are under contract with the Arrowhead District Transportation Cooperative (ADTC) for busing services, we would model our policy after theirs. The revised policy will be on the December & January board agendas for 1st and 2nd reading approvals.	1998
700.26	443.2	Student Conduct on School Buses	Again, the committee agreed to match ADTC's rules of conduct. The revised policy will be on the December & January board agendas for 1st & 2nd reading approvals.	1993

700.27	751.1	Use of Private Vehicles to Transport Students	Revisions to this policy were made 1.5 years ago to update and add in restrictions for drivers regarding conceal/open carry weapons. Last school year (18-19) the district decided to eliminate their responsibility for transporting students in private vehicles. It became the parent's sole responsibility to arrange transportation of their children with other parents to school sponsored events. Nancy Kuehl is checking with the District Office to see how that language should be reflected in this policy. It may or may not be ready by the December board meeting.	2018
