**Page 1 of 1**

A person is legally qualified to become a member of the Board who is a United States citizen and a qualified voter of the school district.

In addition, it would be desirable that members of the Board have a genuine interest in and devotion to public education, a willingness to give time and effort to the work, a capacity for understanding people, and the ability to work cooperatively with others.

Employees of the school district are precluded from serving on the School Board by reason of statute making it unlawful for a director to receive compensation or reward for services to the district.
