Section D

Fiscal Management

400.1

Fiscal Management Guiding Statement

The Lake Country Board of Education recognizes that its primary purpose is to provide the best education possible within the limits of the established curriculum and the financial ability of the School District. The quantity and quality of learning programs are directly dependent on the funding provided and the effective management of those funds. It follows that achievement of the district's purpose can best be conducted through excellent fiscal management.

It is essential that the district take specific action to make sure education remains central and that fiscal matters are ancillary and contribute to the education program. This concept shall be incorporated into Board operations and into all aspects of district management and operation.

Administration herein refers to the joint fiscal effort of the Administrator and Comptroller.

Adopted by the School Board April 10, 1995

Revised: October 20, 2004
