SMOKING BAN

500.11

The Board believes that smoking in school buildings, on school grounds, or in school operated vehicles, generally endangers public property, is an annoyance to and an infringement on the rights of others, is potentially dangerous to the physical health of others, is destructive to the tone and quality of school and is prohibited.

A “tobacco product” includes, for example, chewing tobacco, cigars, and snuff. A “nicotine product” means any product that contains nicotine and is not a tobacco product, a cigarette, or a product that has been approved by the U.S. Food and Drug Administration for sale as a smoking cessation product or for another medical purpose and is being marketed and sold solely for such an approved purchase (i.e., nicotine gum, nicotine skin patches). Nicotine products covered by this prohibition might include, for example, electronic cigarettes (e-cigarettes) with nicotine, nicotine vaporizers, and nicotine lollipops.
