Section G            Support Services

SUPPORT SERVICES GOALS

700.1

Support services are essential to the successful operation of the Lake Country School System. Management of auxiliary operation is, therefore an important responsibility of the District administration. It should be remembered, however, that education is the District's primary function, and all support services shall be provided, guided, and evaluated by this commitment.

In order to provide support services that are truly supportive of the educational program, the Board establishes these goals:

-The provision of a physical environment for teaching and learning that is safe and pleasant for students, staff, and the public.

-The provision of support services resources and assistance with maximum responsiveness in terms of timeliness and degree of fulfillment of the needs of the educational program as they develop.
