Section G            Support Services

TOXIC SUBSTANCES

700.12

The Lake Country School District shall retain any material data sheet relating to a toxic substance for 30 years after the date upon which the district last received the toxic substance in the work place.

The Lake Country School District shall also maintain a written list identifying any toxic substance present in a work place on or after May 10, 1984, and the dates the toxic substances are present in the work place. Each toxic substance is required to be on this list for 30 years after the last date on which the substance is received in the work place.

Within 30 days after a written request by an employee of the Lake Country School District, the District shall provide to the employee a copy of any list maintained for the employee's work place.
