

Policies of the Board of Education

Section H: Instruction

SCHOOL DAY

800.4

Wisconsin law requires the Board to reserve to itself the right to establish rules which schedule hours of a normal school day. However, in establishing such rules, comments from parents, staff, and district residents on proposed rules and schedules of hours may be heard and should be encouraged.

Once established, the schedule of hours shall be distributed to teachers and parents. Additional copies shall be available at the district office.

The schedule of hours for a normal school day for respective grade levels shall be as follows:

Pre-School	4 hours weekly
Kindergarten	7 hours
Grades 1-3	7 hours
Grades 4-8	7 hours

The Lake Country School Board believes face to face instruction time with children is critical and it is the goal of the board to increase face to face instructional time. Therefore, for the purpose of counting contract days, the board counts a half day of instruction as a half day, not a full day.

LEGAL REFERENCE: Wis. Stat. 120.10 (13) 120.12 (15) as amended by Chapter 206, Laws of 1977.

Adopted by the School Board April 13, 1992

Revised by the School Board March 11, 1996
