

Policies of the Board of Education

Section I Students

STUDENT POLICIES PRIORITY OBJECTIVES

900.2

In pursuit of its stated goals concerning student policies, the Board endorses the following priority objectives:

Procedures will be developed and installed through which student concerns may be transmitted to the staff and to the Board so as to influence the making of policies and other decisions affecting the concerns of students. Student officers and representatives will participate in planning the student participation program. Measures of success shall be the amount of student participation and influence on decision-making and general student satisfaction with the program. These measures shall be further specified in the plan developed.

Students, staff, and Board members will be informed about current trends, interpretations, and legal advice regarding civil and other rights of students.
