

Policies of the Board of Education

Section I Students

STUDENT HEALTH SERVICES AND REQUIREMENTS 900.38

The purpose of the district's health program will be to supplement the efforts and guidance of parents to bring an awareness on the part of students of regular health care.

The district will:

1. Promote good health habits among students.
2. Provide a sanitary and healthful environment in the schools.
3. Assist in detecting and recommending correction of medical, psychological, and physical handicaps of students.

Health records will be maintained on all students, and kept in the student's cumulative record folder.
