Student photographs may be taken on school premises by commercial photographers only when there is a school purpose for them such as a yearbook, class pictures, or student records. Fund raising activities by school related organizations will not be considered a school purpose.

When permission to take such photographs has been granted, they may be taken either during or outside school hours, and teachers or other school personnel may assist in the process.

The commercial photographer who is taking the photographs may advise students by means of a card, brochure, or other appropriate device, that copies may be purchased directly from the photographer. However, school personnel may not participate during school hours or on school grounds in the solicitation of orders or in the distribution of advertising materials, copies of photographs, or the collection of charges.
