

## Why Chromebooks?

- Sharing and collaborating
- Storage and organization
- Wide range of applications
- Multimedia creativity tools
- Direct link to the Cloud
- Eight-second connection time
- Ability to filter and manage as part of the school's domain
- 10 hour battery life
- Built-in antivirus protection
- Durable and small enough for backpacks
- Anytime, anywhere access to learning

## Lake Country School Strategic Plan

Utilize technology to facilitate 21st Century Learning

- Support the use of technology as a tool to personalize learning to meet 21st Century Learning outcomes and objectives.
- Students have anytime access to learning.

## PURCHASE OR LEASE

### Option 1:

\$270 purchase

Purchase price may be paid either online or via check in full or in two equal installments of \$135 each, payable in September and January. Student keeps device over the summer breaks and upon leaving Lake Country School. The device will be factory reset when student's tenure at Lake Country School ends.

### Option 2:

\$70/year lease

Payable in September each school year. Student is issued a brand new device the first year. Device is collected over the summer.

All students receive a school-issued case and are licensed to use the device with an account on our school's domain.

## OPTIONAL INSURANCE

Lake Country School has partnered with Worth Ave. Group to provide insurance coverage for your child's device. This insurance coverage is optional, but highly recommended. Plans are available for a period of one to four years. More details along with pricing is available on the insurance application form.

## ADDITIONAL INFORMATION

- Each school year, students are issued the **Chromebook Information & Procedures Handbook** during a meeting with the homeroom and technology teachers.
- A **Chromebook Acceptable Use/Care Signature Form** must be signed by the student and a parent/guardian each year.
- All repairs are submitted on a **Chromebook Damage Report** since all devices are serviced through the Lake Country School Technology Department, including processing of insurance claims.
- Students are responsible for charging the device at home each evening.

## BACKGROUND

Lake Country School researched and implemented a 1:1 computer device program at the beginning of the 2012-2013 school year.

### Implementation Timeline:

#### Staff Development

March 2013 - Present

#### Lenovo Touchscreen Devices

June 2018-Present

#### Samsung Devices

June 2013-June 2018

#### 5th Grade Implementation

September 2014

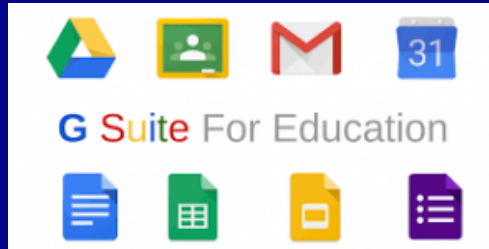

#### 6th-8th Grade Implementation

September 2013

#### Staff Devices Issued

June 2013

## INNOVATION LAB

**It started with an idea, a plan to redesign, a chance to change learning. What we once had turned into something spectacular!**

The Innovation Lab provides students with engineering, manufacturing, coding, robotics, a 3D printer, laser cutter, and more!

LEGOS | Rigamajigs | Keva Blocks | Ozobots | Spheros and other materials are also available for student use.
